STATE OF ALABAMA

DEPARTMENT OF INSURANCE

MONTGOMERY

THARPE FORRESTER
COMMISSIONER OF INSURANCE

September 11, 1981

Honorable Fob James
Governor of Alabama
State Capitol
Montgomery, Alabama 36130

Dear Governor James:

In accordance with the provisions of Section 27-2-9, Code of Alabama, 1975, the Annual Report of the Commissioner of Insurance, covering the operations of all insurance companies authorized to transact business in Alabama in 1980, is transmitted herewith.

Your attention is directed to that portion of the Report entitled "Summary of Operations" which gives in some detail the activities of this Department.

The amounts used in the financial section were taken from the Annual Statements filed by the various companies, without audit or verification.

Sincerely,

Tharpe Forrester
Commissioner

TF:msb

Summary of Operations

The insurance industry in Alabama continued to grow during 1980 with Alabamians paying \$2.8 billion in premiums for all types of insurance, an increase of 7.6% compared with 9.0% for 1979. The slight decline in the growth rate for 1980 was attributable to an unusually competitive rate climate in the commercial property and casualty segment.

Premiums collected by property and casualty companies increased only 3.1% to \$1,164,046,000 from the previous year, and the direct premium and annuity consideration for all life insurance companies increased by 11.9% to \$738,823,000. Accident and health premiums totaled \$886,298,000 representing an over-the-year gain of 10%. Title insurance premiums totaled \$6,382,000.

In 1980, the insurance industry paid to the Department \$69,245,762 in premium taxes and fees. Of this amount, \$52.2 million was deposited to the General Fund and \$16 million to the Special Education Trust Fund.

The Insurance Department consists of five operational divisions: agents' testing and licensing, life and disability, property and casualty, receivership, and financial examination. Also a part of the Insurance Department is the State Fire Marshal's Office. Support is provided by the administrative and legal divisions. The Commissioner of Insurance is an ex-officio member of the Alabama Securities Commission.

The insurance laws require that all contracts of insurance, other than uncontrolled marine and aviation policies, be approved by the Department prior to their use in this state. A consulting actuarial firm is employed to review all life and accident and health policy forms. Any variance from required provisions of the Code or Departmental Regulations must be corrected prior to their acceptance.

There is no price regulation over life or accident and health insurance, but most property and liability rates are subject to prior approval by the Commissioner. The services of consulting actuaries are obtained when needed to assist the staff in the evaluation of property and liability rate filings.

Consumer affairs are handled by the life and property and casualty divisions, with emphasis that fair and equitable treatment of policyholders be given by companies. Violations by agents and companies are investigated and, when justified, administrative or legal action is taken.

Due to marketing problems pertaining to certain types of life products, namely modified premium term, a public hearing on a new marketing regulation and on amendments to existing solicitation and replacements regulations was held November 6, 1980. Subsequently, a Life and Annuity Marketing Regulation and revised solicitation and replacement regulations were adopted in December, 1980, and became effective April 1, 1981. The Marketing regulation was based upon a draft prepared by Dr. Harold Skipper, Jr., of Georgia State University, consultant to the Department. The comprehensive marketing directive is considered by many to be a model regulation. Due to numerous variations in life policies, which makes an equitable and comprehensible comparison of unlike products almost impossible, the requirement of presenting a comparison statement on life insurance replacement activities was withdrawn.

Also during the year, a review of all Departmental regulations and bulletins was made with the results that five obsolete regulations and seven instructional bulletins were withdrawn.

At 1980 year's end, eight former Alabama life companies were in receivership. These companies, with dates of insolvency, are as follows: Alabama National Life (1970), Old National Life (1970), Alliance (1971), Empire Life (1972), Modern Home Life (1974), Trustee Life (1975), Vanguard Security Life (1976), and Life Insurance Company of America (1978). Our efforts to close out the regulation functions for several companies during the year were not successful, but it is anticipated that several receiverships will be terminated during 1981. Lincoln Industrial Insurance Company, Birmingham, Alabama, a mutual aid company, was placed in receivership June 10, 1981, for the purpose of rehabilitation.

The number of individuals applying for a license to sell insurance increased 11.9% during 1980 from the previous year. Total fees collected in 1980 increased by 9.8%.

The Examination Division scheduled 18,411 agents' licensing examinations for 9,290 applicants, an increase of 8.7% and 15.4% respectively.

The 1979 legislation requiring a forty-hour pre-licensing course for property and casualty agents became effective on February 8, 1980. The Department has approved curriculums for twelve institutions of higher learning and for twenty-two courses offered by insurers.

During 1980, Insurance Department examiners conducted 30 on-premises examinations of insurance companies. The duration of each examination ranged from one week to several months, depending upon the size and complexity of the company being examined.

The National Association of Insurance Commissioners has adopted the Society of Financial Examiners as their professional organization for setting minimum standards of experience and training, and all field examiners of the Department are expected to participate in and complete the certification program. An examiner is eligible to represent a zone in an association examination only if he or she has been certified by the Society to be eligible to hold the title of Accredited Financial Examiner or Certified Financial Examiner. Only holders of the Certified Financial Examiner designation are eligible to be in charge of an association examination. At year-end 1980, three examiners from this Department had achieved the status of Accredited Financial Examiner and five had obtained the designation of Certified Financial Examiner, the highest category.

In the course of each year numerous insurers from other states make application for admission to Alabama. In 1980 our Admissions Committee reviewed 62 admission applications and approved 35 companies for licensing. In addition, eight licenses were issued to survivors of mergers of previously licensed companies.

Also during 1980, the Department drafted several bills for consideration by the 1981 Legislature which resulted in the passage, among others, of a law to regulate Medicare supplement policies and to place Alabama in compliance

with the requirements of Public Law 96-265, and to upgrade the licensing requirements for life and disability agents. The latter law requires forty hours of approved educational instruction prior to taking the State Examination. In addition amendments were passed to update Alabama's nonforfeiture and standard valuation laws. This change will permit the approval of more competitive types of life policies. Some fourteen laws pertaining to insurance or the State Fire Marshal's Division were enacted during the 1981 Regular Legislative Session.

An abbreviated report pertaining to the Fire Marshal's office is attached. Statistical data covering the activities of that office may be obtained upon written request.

Re: Annual Report for the State Fire Marshal's Office for the Year of 1980

Dear Sir:

This report is submitted in accordance to the requirements of Chapter 19, Section 36-19-26, Code of Alabama, 1975 for your review and approval.

I am pleased to report to you that during the year of 1980, we had a reduction of twenty-five fire fatalities over the previous year. This reduction was mostly in the age bracket of children 0-5 years of age.

During the year of 1980, we had one-hundred sixty-eight (168) fire fatalities. The leading causes of fire fatalities are food being left unattended on stoves, misuse of smoking materials and placing combustibles too close to heaters. There was a sharp reduction in fire fatalities from people sleeping or trapped over 1979. The reduction most likely is from installation of smoke detector devices in private dwellings. We may continue to see decreases as more smoke detectors are installed in sleeping rooms.

This office has endeavored to cooperate with fire officials, police officials, insurance companies, the State Department of Pensions and Security, State Health Department, State Building Commission and all county agencies throughout the state in conducting inspections and investigations.

Personnel from this office have attended numerous civic meetings as guest speakers on fire prevention and fire safety. We have participated with the State Fire College in co-sponsoring the Alabama Arson Seminar and we are pleased that you were on the last program the 27th of May, 1981.

Honorable Tharpe Forrester
Page 2
June 8, 1981

During the year of 1980, this office conducted seven-hundred twelve (712) investigations of suspicious fires or violations of other laws which comes under the responsibility of the State Fire Marshal to enforce. As a result of these investigations, action was initiated against ninety (90) defendants. We obtained convictions of seventeen (17) defendants, forty-six (46) defendants were arrested and cases are pending trial or Grand Jury. Twenty (20) defendants were indicted by the Grand Jury and are pending court. Due to attempted court action, four (4) cases were Nol Prossed, one (1) defendant found not guilty by court and one (1) No Bill was rendered by the Grand Jury. One (1) person was committed to a mental institution.

The eighty-three (83) cases which were carried over from 1979 were disposed of as follows: Convictions were obtained against fourteen (14) defendants for arson, twenty-three (23) persons were convicted for fireworks violations, one person upon payment of cost of court. Cases are pending against thirty-two (32) defendants who have been arrested or indicted and cases against seven (7) defendants were Nol Prossed. Two (2) defendants were found not guilty and the case of another defendant ended in a mistrial. Cases against three (3) defendants were No Billed by the Grand Jury.

It is with regret that I report to you that Mr. Howard V. Dees, Deputy State Fire Marshal, Retired, passed away on December 26, 1980. Mr. Dees retired on January 1, 1980, after twenty-three (23) years service with the state of Alabama.

Statistical data of the activities of the State Fire Marshal's Office may be obtained by written request.

Sincerely,

Roy L. Thornell
State Fire Marshal
